We are not all things to all people.

And, we don't try to be. We are 100% focused on Cloud infrastructure, secure applications and services. Our mission is to help organizations of all sizes realize the value that can only be achieved through adopting, optimizing, maximizing and protecting the Cloud.

About

Aligned Technology Group (Aligned), is a Cloud advisor and services organization. Our superpower and organizational soul are centered on the widespread implementation and adoption of cloud security strategies, frameworks and best practices. We help organizations of all sizes leverage the power and efficiency of the Cloud through our three areas of expertise: Cloud Finance, Cloud Engineering and Cloud Security. Aligned has a deep relationship with Amazon Web Services (AWS) and is currently an Advanced Tier Consulting Partner. Via a robust engagement approach our team is dedicated to enable and empower business to new heights.

Community

While we are headquartered in Raleigh, we are proud North Carolinians. Our Team members are dispersed throughout the State in the Triangle, the Triad and the Queen City. The Culture of Aligned Technology Group sprang from our collective upbringing which centered around family, history and the great outdoors. We feel honored to give back. To pay it forward. As an organization there are a broad number of community service opportunities and causes our Team members are involved with and support. But, our focus is on the children of our communities with organizations like: Adopt-A-Stream, Habitat for Humanity and Catching for Kids.

We also support the following organizations, AmericanHeart Association (Heart Ball), NC State Athletics, Oak City Cares, First Tee of the Triangle and Help One Now.

If you are a partner, customer or someone who would like to join us giving back, feel free to raise your hand by connecting with one of our Team Members.
